WHAT IS ZONTA?

Zonta is an international service organization working to improve the status of women both locally and globally. (Visit at www.zonta.org)

The Zonta Club of Northern Valley NJ and its non-profit 501(c)3 foundation, The Zonta Club of Northern Valley NJ, Inc., work to support local charities as well as give scholarships to single parent women who are improving their education. The Club also supports the service projects of Zonta International all over the world. Among the issues uppermost in Zonta's mission are eliminating domestic violence, doing away with trafficking in persons, and assuring women political and economic equality.

ZONTA INTERNATIONAL

EMPOWERING WOMEN
Through Service & Advocacy

SERVICE

Through our international service projects funded primarily through agencies of the United Nations and other nongovernmental organizations, Zonta International improves women's lives by increasing their access to education, health care, legal services and economic opportunities.

ADVOCACY

Zonta International, districts and clubs advocate at the international, national and local levels on issues related to human rights and gender equality. At the local level Zonta clubs monitor laws & policies and their impact on women to raise awareness about issues affecting women in their local communities.

EDUCATION

To fulfill our mission of empowering women worldwide, we must focus on gender equality in education, an essential human right, critical to development for all. For women and girls, education provides the tools and resources to empower them to make decisions about their lives and the future of their families.

NETWORKING

Zonta International gives club members local opportunities to support their communities while also focusing on larger international projects that empower women and bring sustainable change to ensure that each generation is stronger than the last.
